

Skin Antiseptics – Infection prevention is at the core of our design

Dukal offers healthcare professionals a broad range of antiseptic products designed to combat microorganisms on the skin and mucous membranes, disinfecting target areas and reducing infection risk.

> Additional sizes can be made available. For more information, please email customerservice@dukal.com

Povidone-Iodine

A fast-acting broad-coverage antiseptic is ideal for preoperative skin preparation. Our products are saturated in a PVP-I USP 10% solution and packaged in easy to open foil-to-foil pouches, available in prep pads, swabsticks, and solution pouches.

Item #	Description	Packaging
882-4000	PVP-I Prep Pads	4000/cs
883-500	PVP-I Prep Swabstick 3's	500/CS
884-1000	PVP-I Prep Swabstick 1's	1000/CS
885-500	PVP-I 3/4 oz Solution Pouch	500/CS
