

Burn Care From an Industry Leader

Introducing a line of burn care products from Dukal. Designed for emergency burn use, they are especially useful in workplace health settings as well as EMS applications. Sterile dressings are made from medical grade foam pads which are saturated with a cooling gel to provide immediate relief and won't stick to wounds. Dukal burn dressings and gel are sterile and fragrance free. Dukal burn products are an inspired choice for refilling ANSI Spec first aid kits.
